

# ACADEMICUS

THE ENGLISH ACADEMY FOR KIDS

## **Letter Matching Sensory Bin**

Welcome to the ACADEMICUS Letter Matching Sensory Bin activity. Below, we provide you with an overview of how to conduct this activity with your kids either at school or at home. Please do not upload or host this activity anywhere else online, as the material below was developed for private and classroom use only. Sale and public distribution of this material is prohibited.

Learning aim: Letter and sound recognition

Step 1:

Cut up letters and animal shapes and add them to the bin with the coloured rice / buttons (we recommend laminating the words and letters)

Step 2:

Distribute animal-words to each child

Step 3:

Instruct children to find matching letters from within the sensory box.

You can time this activity: the first child to complete their words wins!

Step 4:

Play "I Spy with my little eye, something beginning with..."

M - Mouse

S - Snake...etc

Add more pictures eg:

Tree, Rock, River, etc to expand vocabulary

Wishing you lots of fun and academic development through play and fun!
